**Service Suppliers engaged in testing of Ballast Water Management Systems (validation of biological efficacy at commissioning) , in accordance with Class Programme DNVGL-CP-0484.**

This service supplier certificate will be accepted for use with all rule sets published by DNV.  
**See the following page(s) for details regarding application.**

This Certificate is valid from **2021-05-09** to (inclusive) **2024-05-08**.

This Certificate is issued on **2021-05-09**.

for **DNV**

.....  
**Chacko, Dixon**  
**Surveyor**

This Certificate may be withdrawn if:

1. The service provided has been improperly carried out or the results improperly reported.
2. The surveyor has found any deficiencies in the accepted operating systems of the service supplier.
3. The firm has failed to inform of any major changes having effect on the quality of the service rendered.
4. The conditions listed in the certificate are changed and/or are not fulfilled.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

**Application:**

Sampling and analysis as per the 2020 Guidance for the commissioning testing of ballast water management systems (BWM.2/Circ.70/Rev.1) using the following analysis method(s) and compliance monitoring device(s):

| Organisms size class | Indicative analysis      | Detailed analysis |
|----------------------|--------------------------|-------------------|
| ≥50 µm               | ATP, B-QUA by LuminUltra | N/A               |
| ≥10 µm and <50 µm    | ATP, B-QUA by LuminUltra | N/A               |

**Remarks:**

1. Initial audit carried out by DNV Dubai.
2. The Service Supplier shall carry out sampling and analysis as per the Service Supplier's documented standard operating procedures and QA/QC procedures. This approval is conditional upon the Service Supplier maintaining the documents as audited by DNV and hereby approved.
3. The Service Supplier shall also be familiar with the BWMS operation, its limitations and self-monitoring parameters.
4. Services shall be carried out by trained and qualified personnel.
5. The Service Supplier shall notify this society of any changes to procedures, equipment or personnel prior to changes taking effect.
